**ZymoGenetics Matching Gift Program!**

**In this Issue:**

- ZymoGenetics Matching Gift Program
- New Member Gifts

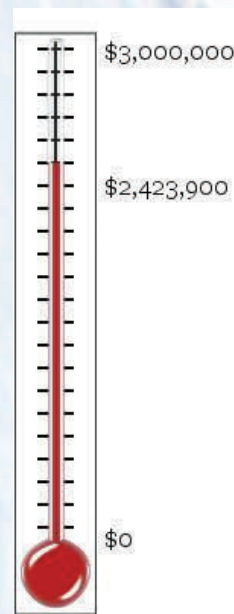

**Help Raise Money for AVA by Visiting the RECOTHROM® – Thrombin, Topical (Recombinant) Booth 425**

ZymoGenetics will match your contribution to the AVA Open the Pathway Campaign!

ZymoGenetics, makers of RECOTHROM – Recombinant Human Thrombin, is supporting the AVA through the “Open the Pathway Campaign” and you can help. In order for the AVA to receive the contribution, simply stop by the RECOTHROM booth (#425) at the 2009 Vascular Annual Meeting and complete a very brief survey.

ZymoGenetics, Inc has demonstrated its commitment to the vascular community by agreeing to contribute up to \$20,000 annually for the next three years. ZymoGenetics discovers and develops novel protein therapeutics based on their research and biological insights into key disease pathways (www.zymogenetics.com). “ZymoGenetics is excited to partner with the AVA to support ongoing education and patient care through the Open the Pathway Campaign.”

**AVA is nearly 81% of the way toward the campaign's \$3 million challenge goal!!!**

**New Member Gifts**
